Summer School Opportunities

Expanded Virtual Learning Summer Program

- Expanded Virtual Learning will run from June 13th - July 24th.
- This summer program is for grades K-8.
- Students will practice reading and math practice through i-Ready.
- The goal is for students to earn 45-minutes per week in reading and 45-minutes per week in math.
- Students will check out their chromebook from school to use at home.
- Students must return chromebooks no later than July 25th to the school the device was issued from.
- You must complete [this survey](#) to enroll your child.

The image features a central text box with a black border. The text inside is 'News from the PTO' in a bold, black, serif font. The text box is flanked by two decorative floral sprigs. Each sprig consists of a thin black stem with several small, dark, teardrop-shaped leaves and buds. The sprigs are set against a soft, watercolor-style wash of light pink and peach colors. The overall design is clean and elegant.

Awesome Words

Because key words are great for
catching your audience's attention

Our services

Despite being red, Mars is a cold place, not hot. It's full of iron oxide dust, which gives the planet its reddish cast

Basic

Jupiter is a gas giant and the biggest planet in our Solar System. It's the fourth-brightest object in the sky

Medium

Mercury is the closest planet to the Sun and the smallest one in the Solar System—it's only a bit larger than our Moon

Mercury

Mercury is the closest planet to the Sun and the smallest one in the Solar System—it's only a bit larger than our Moon. The planet's name has nothing to do with the liquid metal since it was named after the Roman messenger god, Mercury.

Venus

Venus has a beautiful name and is the second planet from the Sun. It's terribly hot—even hotter than Mercury—and its atmosphere is extremely poisonous. It's the second-brightest natural object in the night sky after the Moon
